

CEO

• *Well-established listed Biotech*

Dimerix is a clinical stage biotechnology company focused on developing new therapeutic treatments identified using its proprietary drug discovery platform, Receptor – Heteromer Investigation Technology (HIT). It is securely resourced, with an accomplished executive team and robust governance structures.

Your brief is to lead and manage the company on behalf of its shareholders, expeditiously driving the development of Dimerix's lead compound and additional programs in the pipeline.

You combine superior scientific qualifications, and/or deep technical understanding, with proven commercial acumen gained in an ASX-listed entity. Your global biotech/pharma track record will enable you to contribute to the ongoing enhancement of business development and investor relations.

Please view the Position Description on www.brookerconsulting.com.au and send a brief CV (Word format, up to 5 pages) to career@brookerconsulting.com.au or ring Jeremy Wurm on 03 9602 1666, in confidence.
